Approval of Clinical Privileges – Physician

Under Clinical Services CGP 150 Clinical Governance Policy and CGP 203 Fitness to Practice Policy and Procedure, _____ is hereby granted Clinical privileges to function under CGP134 the National Ambulance Patient Care Protocols at the **PHYSICIAN** level of licensure and practice. These are based on the current legal and regulatory requirements of the Ministry of Health and the Department of Health Abu Dhabi. **Please view this approval alongside the scopes and competencies in CGP 203.**

Clinical privileges are determined based on prior training, skills, competency assessment and validation. Below are the competencies of a **PHYSICIAN** under CGP 203 Fitness to Practice, those items that are not excluded with strikethrough below are the privileges at the **PHYSICIAN** level for:

This approval of Clinical Privileges is not to be considered permanent, the licensed healthcare professional must maintain their fitness to practice in accordance with the Fitness to Practice policy.

Privileges are granted by the Medical Director and may be revoked or restricted at any time. e.g in case his /her DOH / MOH license is cancelled and / or the clinical training requirements are not met

Approved by Medical Director
