

Company Profile

National Ambulance LLC is owned by the Social Security Fund for the employees of the Ministry of Interior and Aspen Medical Pty Ltd. The company was established to provide emergency pre-hospital care to government and private clients in the UAE. This care is provided through ambulances and highly trained paramedical staff drawn from around the world.

The main objectives and activities for the Company are:

- The operation and management of private ambulance services in the UAE
- Paramedic training and specialised courses;
- Provision of pre-hospital consultancy services and the establishment of ambulance services;
- Deliver services to events and activities that require emergency pre-hospital care presence;
- VIP ambulance services;
- Import and export activities ancillary to the objectives and purposes of the Company;

Vision

Be the Paramount Pre-Hospital Care Provider in the Middle East

Mission

National Ambulance LLC delivers quality pre-hospital services to customers in the UAE to improve their patients' outcomes
